

# ABOUT WINDS OF TRADE

Winds Of Trade is a strategy game about running an ocean trading company in the 18th century. Your empire will not be your only goal! Ruthless pirates, shady smugglers, wartime and fierce competition make a long and hard road for you!

## Main Features

- Procedurally generated worlds: You will face different challenges and you will have to interact every time you start a new game.
- Realistic economic simulation: All prices respond to the basic laws of supply and demand somewhere and every final product goes somewhere to be bought. No arbitrary game market.
- Smuggling: Some goods that can be freely bought in one city may be illegal somewhere else. Can you make some extra profit?
- Smart Artificial Intelligence opponents that will make your way to the top even more difficult.
- Dynamic world economy: Events such as forest fires, bad harvests or war alter the supply and demand of commodities.
- Contracts system: You can accept contracts from governments, private companies and make some extra money transporting goods. But don't forget, failing comes with a price.
- Turn based battle system: Pirates may attack you if your cargo is valuable enough... Do you have the resources to defend yourself? Also, be very careful during wartime, especially if you are transporting weapons.
- Your very own colonies: Once you are powerful enough you can found your own colonies and play with the rules of the market.
- Own warehouses to accumulate goods and manipulate the market.
- 11 different ship types from the Age of Sailing, including brigs, galleons, fluyts, frigates and more.
- Automatic Trade Routes: Once your fleet is big enough you can make scripts for your ships to trade according to your rules automatically.
- Improve your ships' stats by hiring experienced captains or purchasing upgrades.
- Stock market: Invest in companies, help them sell their goods worldwide and collect taxes.
- Corruption simulation system: Obtain an advantage over your opponents by bribing officials.
- Dynamic weather simulation.
- A rich and immersive soundtrack.
